

SITHEMBISO KHAYA SAMBO

STUDENT

PROFILE

I am a passionate and hard-working Computer Science student who has a lot of interest in emerging tech and software that users can engage and are familiar with.

I love learning new things from people. A good deal of the skills that I have acquired is from class and personal projects. I thrive in resource-rich environments however, I am not afraid to carve my path and find a new solution to a problem.

DEMOGRAPHICS

Date of Birth: 20 April 1999
Nationality: South African
